

Fold-Up Solar Panels

Outfitter Satellite carries a wide variety of solar panels to meet your specific requirements.

Our tent-mountable solar power solutions are foldable and transportable and specifically designed for applications where weight and size are at a premium. We recommend combining an appropriate panel with a rechargeable battery to store the power for later use – day or night.

Features of Solaris Panels:

- Alligator Clip adapter for charging car batteries
- Cigarette Lighter barrel adapter for equipment with auto accessory chargers
- Mini-Barrel plug multi-adapter
- Ideal for use with our PowerCenter Battery Pack

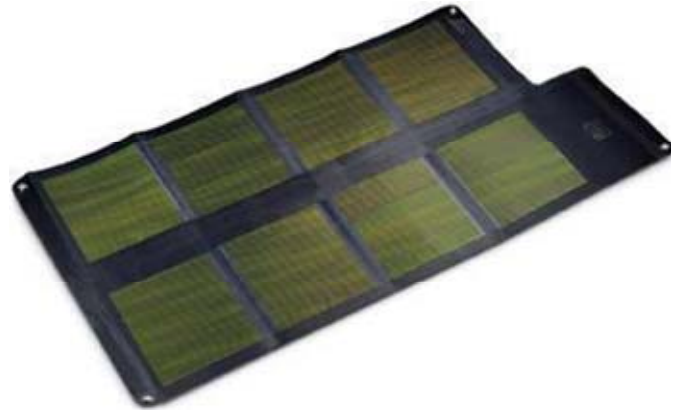

Solaris 6-Watt Model (shown above)

Open Size: 29.5" x 9"
Closed Size: 5" x 9" (0.5" thick folded)
Weight: 7 OZ (0.20 kg)
Output: 6.5 W, 12 V, 433 mA (max)
Stack up to 3 for **18 watt output**

Solaris 12-Watt Model

Open Size: 29.25" x 16"
Closed Size: 5" x 9" (0.75" thick folded)
Weight: 13 OZ (0.36 kg)
Output: 12 W, 12 V, 800 mA (max)
Stack up to 3 for **36 watt output**

Solaris 26-Watt Model (shown above)

Open Size: 21.375" x 42"
Closed Size: 8.5" x 11" (1" thick folded)
Weight: 1.7 lbs (0.77 kg)
Output: 26 W, 12 V, 1400 mA (max)
Stack up to 3 for **78 watt output**

Expedition 63-Watt Model*

Open Size: 14.5" x 59.5" (unfolded)
Closed Size: 14.5" x 20" (2" thick folded)
Weight: 8.7 lbs (3.95 kg)
Output: 63 Watt, 3.5 Amps (max output in full sunlight)
Open Circuit Voltage: 18-22 Volts DC

*The Expedition is a custom order. It uses special encapsulation material to protect the solar cells for long term use in full sunlight hot climates.

OS POWERCENTER

Combine Solar Power with a Rugged Portable Battery

OS PowerCenter Kit — This lightweight battery pack with fuel-gauge can be charged from your wall outlet, your car's DC power, or an optional solar panel. You can select 12, 16, 19 Volt or standard USB output power, making the OS PowerCenter suitable for use with a wide variety of small electronics including satellite phones, cell phones, NetBook computers, etc. if the electronic device is equipped with a USB or DC "car" charger accessory. Durable rubberized armor holds up under rugged conditions and an ample 6,000 mAh storage capacity makes it the perfect solution for extended periods in the field away from conventional power sources. A padded soft case with a backpack strap and carry strap lets you transport the OS PowerCenter along the trail.

OS Solar PowerCenter Kit — This kit combines the Solaris 12-Watt Multi-Fold Solar Panel Kit, and the OS PowerCenter Kit. In full sunlight, the solar panel typically recharges the battery pack in about 8 hours letting you store power during the day and use it later at your convenience.

OS PowerCenter Features:

- Water resistant
- Durable rubberized shell
- Lithium Polymer power cell
- Power gauge and auto shut-off
- AC wall or DC car charging (optional solar panel also available)
- Reverse flow protection
- Weight: 1.38 lb
- Dimensions: 7.75" x 3.75" x 1"
- USB, 12v, 16v, & 19v output
- Max of 1000 mA @ 5v
- Max of 3,200 mA @ 12v - 19v
- 6,000 mAh storage (72 Watt Hours)

OS PowerCenter Kit Includes:

- Ruggedized Battery Pack
- AC "wall" charger (110-240 VAC)
- DC "cigarette lighter" charger (12 VDC)
- Output cable with 6 mini-barrel adapters & Dell laptop adapter
- Output cable for cigarette lighter plug

What can I do with this battery pack?*

- Run a NetBook computer for **12 hours**
- Recharge an IsatPhone PRO **5 times**
- Recharge an iPhone 3GS cell phone **11 times**

* These are estimates that assume room temperature and the following parameters:
a) 5.8 Watt average usage by a 10.1" NetBook with 48 Wh battery and claimed 8.3 hour battery life; b) 9.7 Wh IsatPhone PRO battery; and c) 5.7 Wh iPhone 3GS battery. Actual performance will depend on the application, external temperature, and other factors.

QTY	DESCRIPTION OF ITEMS BEING PURCHASED:	UNIT PRICE
	OS POWERCENTER KIT Includes padded softcase with backpack strap and shoulder-carry strap, 72 Watt-Hour portable lithium polymer battery pack with LED fuel gauge and 12/16/19 Volt selectable output, cigarette lighter output cable, USB output charging port, output cable with 6 selectable mini-barrel plugs, AC "wall" charger, DC "car" charger, and usage instructions.	\$250
	OS SOLAR POWERCENTER KIT Includes Solaris 12-Watt Multi-Fold Solar Panel Kit, padded softcase with backpack strap and shoulder carry strap, 72 Watt-Hour portable lithium polymer battery pack with LED fuel gauge and 12/16/19 Volt selectable output, cigarette lighter output cable, USB output charging port, output cable with 6 selectable mini-barrel plugs, AC "wall" charger, DC "car" charger, and usage instructions.	\$609
	SOLARIS 6-Watt Multi-Fold Solar Panel Kit Thin film type solar panel weighing 0.44 lb, carry bag, alligator clip adapter, cigarette lighter type female barrel output adapter, and 4-way mini-barrel multi-adapter. (STACKABLE up to 18 Watts)	\$189
	SOLARIS 12-Watt Multi-Fold Solar Panel Kit Thin film type solar panel weighing 0.81 lb, carry bag, alligator clip adapter, cigarette lighter type female barrel output adapter, and 4-way mini-barrel multi-adapter. (STACKABLE up to 36 Watts)	\$359
	SOLARIS 26-Watt Multi-Fold Solar Panel Kit Thin film type solar panel weighing 1.7 lb, carry bag, alligator clip adapter, cigarette lighter type female barrel output adapter, and 4-way mini-barrel multi-adapter. (STACKABLE up to 78 Watts)	\$539
	DESERT CAMO 48-Watt Multi-Fold Solar Panel Kit Desert camouflage ultra-light thin film-type solar panel. Trailer hitch output connection. Female cigarette lighter output adapter cable. Battery clamp (alligator clamp) output adapter cable.	Please call custom order
	EXPEDITION: 63-Watt Multi-Fold Ruggedized Solar Panel Multi-fold solar panel system weighing 8.7 lbs. Cigarette lighter socket output. Tough rip-stop nylon construction. Individual panels are laminated with a tough non-flexible transparent encapsulant material to give them excellent thermal qualities and high durability for long term use in full sunlight hot climate conditions. <ul style="list-style-type: none"> • Dimensions folded: 14.5" X 20" folded (2 inches thick folded) • Dimensions deployed: 14.5" X 59.5" (unfolded) • Open Circuit Voltage: 18-22 Volts DC • Max output in full sunlight: 63 Watt, 3.5 Amps 	Please call custom order
