*“Producing television programs featuring international hunting requires being away from home for weeks at a time, often in locations without modern conveniences, including a telephone. Whether I am in the Himalayas, the savannah, or the Rocky Mountains, my satellite phones from Outfitter Satellite allow me to handle office business and keep in touch with home, which make extended road trips tolerable.”*

## Coverage Map

**NOTES:** BGAN service coverage—even within the regions indicated as covered on the above map—requires a clear line of site to the satellite. Some plans have a 12-month initial term requirement. Activation fees may apply. The customer is responsible for all tax and USF charges in addition to prices shown here. The BGAN Prepaid Plans shown are limited to Voice, Standard IP, and SMS messaging services, and prepaid voice service is currently not available inside the United States. MB value of voucher is accurate to 10 KB. Streaming IP and ISDN are not available on the Universal Card plan. See the service agreement for complete pricing, terms and conditions. Prices on this sheet subject to change without notice.
