*“Producing television programs featuring international hunting requires being away from home for weeks at a time, often in locations without modern conveniences, including a telephone. Whether I am in the Himalayas, the savannah, or the Rocky Mountains, my satellite phones from Outfitter Satellite allow me to handle office business and keep in touch with home, which make extended road trips tolerable.”*

**Steve Scott, Executive Producer**  
*Safari Hunter's Journal & The Outdoor Guide*

## Coverage Map

NOTES: The area inside the gold circle has optimal coverage. Fringe coverage is available in the region outside the dotted gold line but is often limited by terrain masking of the satellite. Some plans have a 12-month initial term requirement. Prices shown do not include USF or tax. Activation fees may apply. Out-of-bundle & Basic Rates shown are for outbound voice to public switched number calls. AmosConnect email service is available on many plans for no monthly fee. GSPS is not suitable for most web browsing applications without compression software (charges apply). See service agreement for complete terms & conditions. Prices on this sheet subject to change without notice.
