FUTURE RELOAD AUTHORIZATION

By checking this box and signing below, Customer authorizes the use of his/her credit card account for future ONLINE, email, and over-the-phone transactions to purchase vouchers or prepaid usage/service to be applied to the Customer's prepaid account(s). Customer agrees that any resulting charges by Outfitter Satellite to any credit card account authorized for purchases on the Customer's account with Outfitter Satellite by separately executed agreement(s) will be governed by the terms and conditions in the separately executed CUSTOMER ACCOUNT SETUP AGREEMENT (or Recharge Authorization Form). Customer understands that only credit card(s) with a signature on file may be used. NOTICE: IT IS NOT NECESSARY TO MAKE AN IMMEDIATE PURCHASE OF A PREPAID VOUCHER TO CHECK THE ABOVE BOX AND AUTHORIZE FUTURE RELOADS ONLINE, BY EMAIL, OR OVER-THE-PHONE.

DESCRIPTION AND VALIDITY RULES: This type of account is reloadable and the user can monitor the balance of their account online. The **date of first usage** of your account must occur within one (1) year of the initial account activation (or any subsequent reload) or the prepaid usage will become invalid and all unused usage will be lost. After the date of first usage, the prepaid usage on the account remains valid for one (1) year if no further reload occurs.

Example #1: If a 20 MB voucher is activated on Jan 1, 2006 and you do not use the account, the validity of the prepaid usage will expire on Jan 1, 2007.

Example #2: If you purchase a 20 MB voucher on Jan 1, 2006 and use your Scratch & Web account for the first time on May 1, 2006, the validity of your prepaid usage expires one year later (or May 1, 2007). If you were to reload before May 1, 2007, the validity rule resets (as if it was the initial activation) and you again have one year to first use the account from the date of the reload.

By signing below, Customer is purchasing prepaid service, airtime, and/or usage as indicated above and agrees that the terms and conditions and payment method described in the separately executed CUSTOMER ACCOUNT SETUP AGREEMENT (or Recharge Authorization Form) with Outfitter Satellite, Inc apply to this purchase.

SPECIAL INSTRUCTIONS: _____

Check Your S&W Account Balance Anytime:

After you log into your Scratch & Web (S&W) account, you will see the following screen. A pop-up with the S&W counter should appear in a few seconds, but if not, you can reach it by clicking on the link "[to go to this page.](#)"

Hint #1: If you are using Internet Explorer as your browser, you may want to unblock this pop-up to facilitate seeing the S&W counter in the future.

Hint #2: If you do not know how to log into your S&W account, please refer to the help sheet sent with your equipment. After registering your BGAN terminal on the network, start a Standard IP (or Background IP) session from LaunchPad. Then, open Internet Explorer and you will be prompted for your S&W account number and PIN code.

You should now see a web page like the following which shows your current S&W account balance and the total number of credits that you have used in the current session. Use the "**Refresh**" button indicated below to update the counter. We recommend that the S&W Counter window not be closed because it lets you easily track your usage and your remaining S&W balance. If you need to use your web browser for another purpose, simply open another window. In Internet Explorer, select the **File** menu → **New** → **Window**. Alternately, while using Internet Explorer, enter the shortcut "**CTRL+N**" to create a new window.

Hint #1: If you close the S&W Counter window, you cannot re-open it without terminating and then restarting your S&W session. This can be done from LaunchPad.
